EDUCATION

Dayananda Sagar College of Engineering

Information Science and Engineering

Bangalore, Karnataka, India

CGPA: 8.9 — Oct 2023 – Present

BGS PU College

PUC (PCMB)

Bangalore, Karnataka, India

Score: 96.83% — June 2021 – April 2022

PROJECTS

AI Sentinel (AI Quality & Observability Platform)

React, TypeScript, Node.js, Express, LangGraph, Google Gemini, PostgreSQL, Prisma

GitHub

- Engineered a multi-tenant AI observability platform featuring a multi-judge LLM architecture (LangGraph & Google Gemini) to evaluate quality, safety, and hallucination risks in real time.
- Architected high-throughput ingestion APIs with PostgreSQL and Prisma, implementing idempotency handling, automated risk aggregation, and secure API key authentication.
- Built an interactive observability dashboard and testing playground using React, Tailwind CSS, TanStack Query, and Zustand for real-time evaluation metrics and prompt regression analysis.

Timetable Automation Dashboard | React, Node.js, Express.js, Firebase

GitHub

- Built a full-stack timetable management system using React, Node.js, and Express.js for automating university timetable processing.
- Developed backend services to parse unstructured DOCX files and automate faculty timetable generation.
- Implemented secure role-based authentication and integrated frontend with backend services to provide personalized dashboards.

College ERP System | React, TypeScript, Vite, Tailwind CSS, Supabase, PostgreSQL

GitHub

- Designed and developed a responsive College ERP application using React, TypeScript, and Tailwind CSS.
- Integrated Supabase (PostgreSQL) for authentication, database management, and real-time data synchronization.
- Implemented secure role-based routing and academic management modules while following reusable and maintainable coding practices.

TECHNICAL SKILLS

Programming Languages: Java, C (Basics), JavaScript (ES6+), TypeScript

Frontend: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, RESTful APIs

Database: PostgreSQL, MongoDB

Computer Fundamentals: Database Management Systems, Operating Systems, Computer Networks

Tools: Git, GitHub, Postman, VS Code, Figma

Core Competencies: DSA, Low-Level Design (LLD), Object-Oriented Programming (OOP)

CERTIFICATIONS

[Java](#) – Udemy

[JavaScript](#) – Saylor.org University

[Figma Web Design](#) – MindLuster

[Cloud Computing](#) – NPTEL

LANGUAGES

English (Professional)

Hindi (Conversational)

Kannada (Native)
